- Hindi

ABOUT ME

Motivated and detail-oriented B.Sc. Radiography graduate with solid academic training and hands-on internship experience in diagnostic imaging techniques including X-ray, CT, and MRI. Adept at operating radiologic equipment, maintaining patient comfort, and adhering to safety protocols. Committed to delivering accurate imaging results and supporting physicians in patient diagnosis and care. Eager to begin a career in a dynamic healthcare environment where I can contribute to quality patient outcomes and grow as a radiologic professional.

WORK EXPERIENCE

- Shalby Hospital (Ahmedabad)** MAY 2023 - JULY 2023
X-ray technician intern
 - Assisted senior radiographers in performing routine and emergency x-ray procedures.
 - Gained practical experience in operating digital and analog x-ray machines.
 - Ensured patient safety through proper positioning, shielding, and radiation protection practices.
 - Prepared patients by explaining procedures and reducing anxiety through clear communication.
 - Observed and supported contrast media procedures under supervision.
- Sadbhav Imaging Centre (Ahmedabad)** DEC 2023 - MAR 2024
CT scan technician intern
 - Assisted in conducting routine and emergency CT scans under the supervision for contraindications, and positioning.
 - Operated multislice CT scanners.
 - Helped in patient preparation, including patient monitoring and post-procedure care.
 - Gained knowledge of scan protocols for head, chest, abdomen, spine, and angiography studies.
 - Followed strict radiation safety protocols and participated in quality assurance practices.
