## OBJECTIVE

---

Enthusiastic and dedicated Chemistry graduate seeking an entry-level role in a chemical or pharmaceutical organization. Eager to apply academic knowledge, practical lab skills, and strong attention to detail in a professional environment focused on research, or production.

## SKILLS

---

### Lab Techniques Instruments

Titration, Distillation, Filtration, Recrystallization, pH Meter, Spectrophotometer, Chromatography Conductometer

### Software Soft Skills

Microsoft Excel, Word, PowerPoint Team collaboration, Critical thinking, Report writing, Communication

## EDUCATION

---

**Msc (Master of Science),** MSC COLLEGE, KHERALU

2024 – Present

**PGDMLT (Post Graduate Diploma in Medical Laboratory Technology),**

PGDMLT COLLEGE, KHERALU

CGPA - 6.60 / 10.00

2021 – 2022

Kheralu, india

**Bsc Chemistry (Bachelor of Science in chemistry),**

S. D. CHAUDHARI COLLEGE, KHERALU

CGPA - 7.89 / 10.00

2018 – 2021

Kheralu, india

## INTERNSHIP

---

**LAB TECHNICIAN,** Community Health Center Kheralu

05/2022 – 08/2022

- Assisted in conducting routine chemical tests on raw materials and finished products.
- Prepared standard solutions and reagents under supervision.
- Performed basic lab techniques including titration, filtration, and weighing with precision.
- Recorded experimental data and maintained accurate lab notebooks and reports.
- Followed Good Laboratory Practices (GLP) and safety protocols during all lab activities.
- Assisted in sample collection, labeling, and storage as per standard procedures.
- Supported senior technicians in calibration and minor troubleshooting of instruments.
- Maintained cleanliness and organization of laboratory workspace and glassware.

## CERTIFICATES

---

- CERTIFICATE COURSE ON  
COMPUTER CONCEPT(CCC)
