Language

Gujarati, Hindi, English

Academic Qualification

- **G.N.M** from **Kalp Institute of Nursing, Junagadh**, under **Gujarat Nursing Council**, since year **2019-2022**
- **12th in Commerce** from **Gitanjali High School, Sankardi**, under **G.S.H.S.E.B**, year **2017-2018**.

Experience

- 6 Month job experience in pediatric Hospital in NICU from **Shivam Hospital**, Botad.Gujarat, in 2019.
- 6 Month job experience in pediatric Hospital in PICU from **Saurashtra Children Hospital**, Rajkot.Gujarat, in 2019
- ❖ As a NICU and PICU Nurse, I perform neonatal assessments and emergency procedures, manage ventilators and life-support equipment, and administer medications. I also monitor vital signs and patient conditions, maintain accurate records, and communicate changes to the healthcare team. Additionally, I provide emotional support and education to families about their baby's care, collaborate with healthcare professionals in care planning, advocate for the neonate's best interests, uphold ethical standards, and stay updated with advancements in neonatal care through continuous training.
- 2 year and 7 months work experience in Intensive Care Unit from **Land Mark Hospital**, Rajkot.Gujarat, in between 2019 and 2022.
- 1 Year and 9 Months work experience in Intensive Care Unit from **Shiv Orthopedic Hospital**, Rajkot. in between 2022 and 2023.
- ❖ As an ICU Nurse, I am responsible for delivering exceptional care to critically ill patients by closely monitoring their vital signs, administering medications, and using advanced medical equipment. I respond swiftly to emergencies, collaborate with a diverse healthcare team to create and execute care plans, and keep open communication with patients and their families. My role also includes ensuring adherence to safety and infection control practices, maintaining precise patient records, and engaging in continuous education and quality improvement ef

Areas of Interest
