ACADEMIC EVENTS

In the realm of knowledge and exploration, the academic events unfolded where minds collided, talents thrived and the quest for excellence came alive! Right from the novice first years to the skillful resident doctors everyone gathered together with conviction, for the display of intellectuality. “Talaash”, an intellectuality stimulating endeavor challenging participants to exhibit their knowledge prowess in order to conquer each subsequent clue.

Multiple avid debaters found a platform to discuss their views in “The Different Angles” meanwhile; the aspiring poets and shayaars were afforded a remarkable opportunity to exhibit their inner artists, in the “Wings Of Verses” competition. In “Quizotomy,” the participants encountered formidable barriers, encompassing multiple choice queries that harken back to trivia that scrutinizes their erudition and then there was the illustrious “Talk-Wiz” segment, which compelled students to transcend their customary realms of expertise and eloquently expound upon topics plucked at random. Last but not the least, “Learnatia” kindled the flames of spirited competition amidst the finest intellects within our university, comprising three different rounds, it ardently urges participants to employ their extensive medical acumen and astute critical thinking abilities.

Felicitations of participants by our esteemed judges

LEARNATIA

The exhilarating and astounding Learnatia brought out the competitive spirit among the best of the best at our university. This intellectually challenging and stimulating event comprised of three separate rounds. The first one was medical dumb charades- a refreshing take on the common childhood game we used to play but with plot twist. Participants had to enact the symptoms of any random disease allotted to them for their team to guess.

Team bone crackers, pulse & de-fibrillators

Felicitation ceremony

The next part was Hieroglyphics- an interactive Pictionary game where the team had to recognise a medical terminology or disease via pictures drawn by their fellow mates. If this hadn't already had our participants clutching their seats, the final event included an extremely di cult and complicated crossword, which had the contestants applying their knowledge as well as critical thinking skills.

Team enthusiastically waiting for thier turn

Medical dumb charades

Proclaimed all rounders aced the first prize

At the end of what some might describe as a roller coaster- Aastha, Sambhav and Vani (MBBS 18-19) proved their competence and emerged as the winners for our event, first runner up: Ekagra , Hritik, Renuka (MBBS 19-20) and second runner up: Arsh- deep, Aman, Suraj (MBBS 18-19), as witnessed by our panel of judges Dr Manisha Gupta, Dr Ashok Kumar, Dr Shweta Bali and Dr Nidhi Gupta along with an audience which remained at the edge of their seats the entire event.

TALAASH

Nervousness, excitement and jitters cut through the cold winter air as participants for Talaash the treasure hunt gathered in the front lawns. Enthusiasm was at it's peak once the team representative were selected as it was now time for them to put their physical and intellectual abilities to test. The sounds of making unforgettable memories echoed through every nook and corner of the college in the form laughter, ardor and zeal as our participants diligently followed carefully curated clues and cues to their goal.

After a number of strenuous, exhausting yet exhilarating rounds, the winning team, consisting of Renuka, Ekagra and Hritik (MBBS 2019) proved their capabilities leaving everyone in awe of the university students' brilliance. The second position was secured by Suman, Kanishka, Nidhi (MBBS 20-21) and third position by Atharv, Arjun, Ayush (MBBS 21-22).

THE DIFFERENT ANGLES

The debating competition held in the medical building's grand Maharaja Hall, witnessed a massive audience eagerly waiting to hear arguments being made for and against the controversial topic of Euthenasia. The tense environment, rapidly beating hearts and the will to be proving their point brought out the best in our college's brightest students as they actively discussed the topic.

Every stance was presented with excellent non-negotiable points and exceptional delivery, following which the distinguished panel of judges comprising of Dr Abhay, Dr Rani, Dr Sumita Giri Nishad and Dr Mayank Singhal from across all departments awarded Adityendra Srivastava (MBBS 22-23) the first position, Suhani Aggarwal (MBBS 21-22) the second position and Dr. Jahanvi (Oral surgery PG - 2nd yr) the third position.

WINGS OF VERSES

Even the sciences are incomplete without the beauty of art, as proven by our budding poets and shaayars who recited their creative work eloquently and effortlessly impressing our esteemed judges and audience. The event proved to be an experience more than a competition, with every artist supporting their fellows with a smile of appreciation and acknowledgment of their beautifully strung words.

The poems were presented in various languages and forms- from Punjabi to freestyle rap attaining well deserved applause from the spectators. Our incredibly talented judges included Dr Deepika Aggarwal, Dr Luna, Dr Amit Bihari Lal and Dr Shubhra Malik Juneja shared a few lines themselves at the end after deciding our winner for the event, Dr Vidushi Bhardwaj (PG-1 Pulmonary Medicine) whose poems highlighted common social issues, which shook us to our core. The first runner up of the event was Suraj pal Singh followed by Arjumand Rehmat.

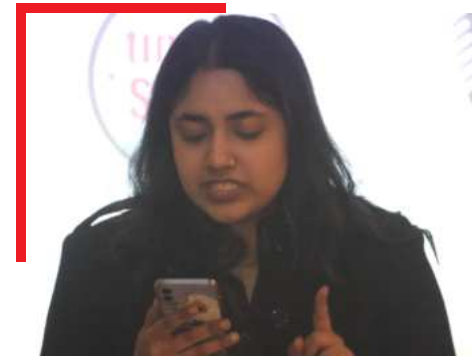

Felicitation Ceremony

Poets take us on a journey through vivid imagery and lyrical landscapes

Participants show their limitless creativity and self-expression

Wings of Verses soar high, carrying the power of words and emotions.

QUIZOTOMY

When the brilliant minds of our prodigious teachers come together to form the most invigorating set of questions, one is bound to feel a storm of anxiety. Yet, our participants fought the field like soldiers, conquering each question one round at a time for quizotomy- the most awaited academic quiz of AURA 2K22. This quiz had every obstacle you could possibly think of, MCQs with the same marking pattern as the torturous need exam, Trivia to test clinical as well as general knowledge and of course- the rapid fire round without which every quiz is incomplete.

Participants were constantly on their toes, trying to anticipate the next questions's answer; never knowing when their quick thinking can help them win. After a gripping and tumultuous event, the first position was deservedly bagged by Vani Negi and Gurkirat Singh (MBBS 18-19), second position was bagged by Chirag Kapoor, Ekagra (MBBS 19-20) and third position by Prakriti (MBBS 20-21) , Rishika Gautam (MBBS 21-22). The questions carefully curated and judged by Dr Mahindra Kumar Anand, Dr Dinesh Kumar Dubey, Dr Neeraj Grover and Dr Mayank Gupta were indeed commendable and motivated the students to push the limits of their knowledge and think out of the box!

TALK-WIZ

The just a minute event named Talk-wiz of our annual fest was nothing short of a valuable occurrence. The students had to immediately apply their aptitude and logical thinking skillset when they were presented with a topic to speak about for a minute. These topics were selected at random out of chits in a bowl and the participants were only given a minute to think about the content they wanted to present. Even with no idea or choice about what they could express their views on, the students impressed our judges by talking about their life, experiences and views fluently and without a drop of fear, surpassing every doubt they not only had about the competition but also their own abilities. The showcasing platform dripped with sheer confidence leaving the judges awestruck.

Adityendra showcased his unique perspectives and ideas during the event

Dr. Vidushi Bharadwaj, captivated the audience with her eloquence and wit

Our panel included DrAnkit, Dr Anuja Gupta, Dr Pooja Malhotra and Dr Chandni Batra and who after careful deliberation awarded Dr Vidushi Bharadwaj (PG-1 Pulmonary Medicine) the first position, Adityendra Srivastava (MBBS 22-23) the second position and Suraj pal Singh (MBBS 18-19) the third poition.

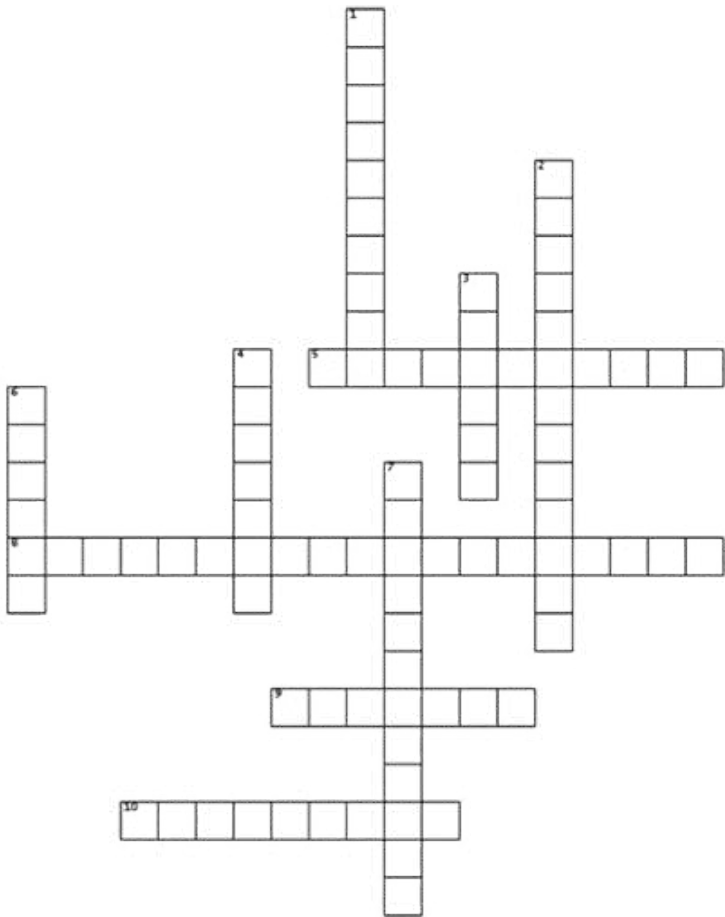

Dr.Suraj pal masterfully engaged the crowd with his persuasive speech

Talk Wiz winners inspired and influenced everyone through their powerful speeches

ARTÉBHASHA

THE ART EVENTS

In the resplendent tapestry of an art extravaganza, where colors collided, creativity blossomed and boundaries dissolved. Brushstrokes danced, sculptures told untold stories and performances stirred emotions. A celebration where the beauty of the human spirit shined brilliantly, unlocking the depth of our potential in a domain of vibrant imagination.

AURA 2K22's artistic extravaganza overflowed with boundless imagination. The mesmerizing Colour Coral showcased vibrant wall murals, breathing life into blank canvases. Mandala Art offered solace through intricate designs. Rang Tarang transformed earth into resplendent rangolis. Pictionary sparked laughter and camaraderie in a creative tournament. These events provided respite from academia, fostering well-being. Art, a sanctuary where worries dissipate, united participants in a quest for serenity and self-expression. AURA 2K22 celebrated art's impact, igniting a vibrant community spirit.

COLOUR CORAL

AURA 2K22's inaugural day unveiled a captivating wall painting event at Maharaja Hall. Ten teams, armed with brushes and colors, poured their hearts into their art within a 70-minute time frame. The panel of esteemed judges, including Dr. Pooja Malhotra, Dr. Sanjeev Tomar, Dr. Mahendra Kumar, and Dr. Anupama Singh, faced the daunting task of selecting winners from the exceptional pool of talent. In a display of remarkable skill and creativity, Saloni Garg, Shruti Jha, and Sharia Khan emerged as the triumphant first prize winners, leaving a lasting impression with their beautiful artwork. This memorable event celebrated the participants' artistic brilliance, illuminating the transformative power of creativity for all to behold.

MANDALA ART

In a burst of enchantment and artistic audacity, the Mandala Art Competition unfurled its vibrant tapestry, beckoning participants to traverse the realms of imagination and ignite the fires of unconventional creativity. Esteemed judges, adorned with discerning eyes and astute sensibilities, Dr. Parvinder Kaur, Dr. Aruna Nautiyal, Dr. Ankita Gupta, and Dr. Ankit Arora, meticulously assessed participants' creations, delving into the depths of originality, presentation, complexity, and impeccable execution.

Within a fleeting span of 40 minutes, participants poured their souls onto the sheets, conjuring mesmerizing tapestries of artistry. The winners, hailed as maestros of their craft, were joyously celebrated: Raksha Ray (BDS 2019-20) gracefully claimed the first prize, while Shraddha Chaudhary (BDS 2019-20) and Mehak Agastya (MBBS 2018-19) harmoniously shared the second prize, and Kamini Chauhan (BDS 2018-19) serenely embraced the third prize.

RANG TARANG

The corridors came alive with the art of Rangoli. Participants from diverse teams poured their creativity into crafting unique and personalized masterpieces. Esteemed judges—Dr. Kanika Bhalla, Dr. Tina Chugh, Dr. Ashok Kumar, and Dr. Manisha Gupta—evaluated each creation based on allure, thematic design, color harmony, and originality.

Despite the time constraint, the teams produced stunning results. In a fierce battle, the winners emerged. Vaishnavi, Shoria, and Tanya (MBBS 2018–19) claimed the first prize, while Dipti, Vidhi, Monika, and Mohit (BDS 2020–21) secured the second prize. Dr. Soniya, Dr. Yashika, and Dr. Arjumand claimed the third prize. The event celebrated the vibrant traditions of Rangoli, showcasing the students' creativity and talent.

PIC- CHARADES

The day concluded with exhilarating Pictionary, graced by the discerning presence of esteemed doctors Dr. Puneet Kumar, Dr. Shivani Dadwani, Dr. Dinesh Kumar Dubey, and Dr. Deepika Aggarwal. Teams unleashed their weaving magic across three intense rounds. Like skilled magicians, they conjured movie names onto the canvas, challenging their teammates to unravel visual enigmas. In a crescendo of anticipation, the victors were unveiled. Muskan, Moonis Khan, Dharendra, and Saksham (BDS 2018-19) seized the coveted first prize, their artistic prowess radiating like a triumphant sun. Tanya, Kshitej, Mannat, and Afreen (BDS 2018-19) gracefully claimed the mantle of second place, their creations casting a spell upon the canvas of imagination. Astha, Arshdeep, Tejaswini, and Keshav (MBBS 2018-19) adorned the stage of achievement with their third-place triumph, their brushstrokes forever etched in the annals of artistic brilliance.

OLORIA

All the aspiring beauty curators gathered to flaunt their skills in the much anticipated “bride & groom dress up” competition ‘OLORIA’. With an atmosphere, fully charged of elegance & poise, all the participating teams selected their outfits & accessories for the bride and groom. After a time limit of ‘70 minutes’ and diligent work, everyone was left awestruck to witness jaw dropping & exceptionally beautiful wedding processions proceeding towards the center stage.

This event was also an ideal example of “UNITY IN DIVERSITY” as processions from across the country and all the religions were portrayed. Post much deliberation, Dr. Nidhi Gupta, Dr. Natasha Gambhir, Dr. Shikha Pawaiya, and Dr. Parul Upadhyay evaluated the results on the basis of creativity, aesthetics & overall presentation. Dr. Tanya, Dr.Kshitej, Dr.Afreen, , Dr. Moonis and Hemanshi were declared the best make-up artists of our university followed by second prize to Muskan Senger (MBBS 2018-19) and Kanika Bhatt (MBBS 2018-19) in third place.

The Four Elements

— AN INSPIRING JOURNEY: EMBRACING GROWTH AND DREAMS —

INTERVIEWEE: DR. VIDUSHI BHARDWAJ
(POST GRADUATE STUDENT, DEPT. OF PULMONARY MEDICINE.)
BASED ON: FELLOWSHIP AT HARVARD

EXPERIENCE BEYOND EXPECTATIONS!

My recent workshop experience surpassed all expectations and left me thrilled. As the youngest participant and the only Indian in my group, I felt incredibly special and motivated to work harder. I'm eagerly looking forward to two more international workshops, each promising to be even more exciting.

EXPANDING KNOWLEDGE AND GLOBAL PERSPECTIVES

During the workshop, I delved into healthcare management, emergency-based skills, and international healthcare policies. I also gained valuable insights into diverse work cultures and their approaches to maximizing productivity. While appreciating our own healthcare system's strengths, I also identified areas where our administration could improve. Engaging with professionals from different nationalities and specialties provided a comprehensive understanding of the challenges faced by specialists worldwide.

SEEKING NEW HORIZONS

Searching for authentic experiences beyond my MBBS graduation, I pursued international exposure alongside NEET PG preparations. My dedication led me to apply for a fellowship program, and after successfully completing written tests and a live-streamed interview, I was granted a coveted spot in the program.

EMBRACING AND CHASING DREAMS

The COVID pandemic served as a profound awakening, reminding me that it's never too late to become the person I've always aspired to be. In addition to my residency and international fellowship, I'm passionately pursuing writing and slam poetry. Although it demands energy, these pursuits bring me deep fulfillment. Let's remember that life isn't always equal, but it is fair. When given an opportunity, let's surpass our own expectations and continue to dream without limits.

WORDS OF ENCOURAGEMENT

While I don't consider myself qualified to give advice, I urge everyone to nurture their curiosity, actively research their dreams, and prioritize self-care each day. Engage with friends outside the medical fraternity, indulge in diverse reading, writing, and quality content. Don't let others' criticism affect you deeply, as they may not grasp your unique reality and aspirations. Keep striving for a life that goes beyond societal expectations, and never stop believing in the power of your dreams.

NURTURING DREAMS: A JOURNEY SUPPORTED BY LOVE AND DETERMINATION

INTERVIEWEE: DR. NAVLEEN
(AIR-4, AIIMS JODHPUR, ALUMNI SANTOSH DENTAL COLLEGE)

EARLY MOTIVATION AND SUPPORT

From an early age, I was driven to make a difference in the world. Thankfully, I had the best support system precisely when I needed it the most. My incredible family blessed me with the freedom to focus on my goals without distractions. They lightened my responsibilities, allowing me to immerse myself in my preparations. Their constant presence and encouragement lifted my spirits during challenging times.

EMPOWERING TEACHERS AND CURIOSITY

I was fortunate to have teachers who nurtured my curiosity and fostered an environment where I could freely ask any questions, whether personal or professional. Their support and guidance played a pivotal role in my journey. I will forever be grateful for the path they paved for me.

BELIEF-FILLED FRIENDSHIPS

In times when hope seemed to fade, I was incredibly blessed to have friends who unwaveringly believed in me. Their unwavering support and belief in my abilities were instrumental in achieving my goals. I owe my success to this remarkable circle of friends who stood by me through thick and thin.

THREE GUIDING TIPS

- Consistency and the Power of "Why" Stay consistent in your efforts and never lose sight of your "why." Let your purpose be the driving force that propels you forward.
- Setting Targets Fuels Motivation Remember that motivation is fleeting unless you set specific targets. Define your goals clearly to maintain a consistent level of motivation.
- Positivity: A Key to Success Surround yourself with positivity; both in your thoughts and in the company you keep. A positive mindset will empower you to overcome challenges and achieve greatness.

THREE ESSENTIAL STRATEGIES

- Master the Basics with Standard Textbooks Ensure a strong foundation by mastering the basics. Utilize trusted and standard textbooks to build a solid understanding of your subject.
- Embrace Practice Tests Dedicate yourself to practicing tests extensively. This will sharpen your skills and prepare you for success.
- Emphasize Revision for Precision Recognize the importance of revision. Regularly revisit and revise your study material to enhance precision and comprehension.

FROM THE CORE COMMITTEE

REMARKABLE EVENT

"Aura 2k23" was a meticulously planned and flawlessly executed fest. From the vibrant decorations to the seamless organization of events, every aspect of the fest was carefully designed to create a captivating and immersive experience for participants and attendees. As the VP of the organizing committee, I couldn't be prouder of the success of "Aura 2k23." It was a testament to the hard work, dedication, and creativity of everyone involved "Aura 2k23" was a truly unforgettable experience, filled with remarkable moments and memories that will be cherished by all. I extend my heartfelt appreciation to the organizing committee, participants, and attendees for making this fest an outstanding success.

Dr. Bhawna Kain
Vice President (2022-23)

REJOICING SUCCESS

Aura is a time when all the students come up with new experiences and responsibilities. It's not only the students but the whole university is coming together and working together and it feels like a festival where all are indulged in activities and organization of events making it a great success. It is the time when all get refreshed from their daily busy life. Organizing committee and all the committees and students and the faculty has worked very hard to make this a success.

Dr. Muskan Senger
Treasurer (2022-2023)

A STIRRING TRIUMPH

I am incredibly grateful and immensely proud of the resounding success achieved by Aura 2k23. The active participation, seamless organization, and infectious enthusiasm displayed by our students were instrumental in its remarkable triumph. Leading such a remarkable team filled with exceptional talent and unwavering dedication has been a true honor. This achievement serves as a testament to the extraordinary teamwork and collaboration that took place. The flawless execution and meticulous planning of Aura 2k23 were pivotal in its success. Our organizing committee demonstrated excellence in event management, leaving no detail overlooked. The students' energy and unwavering support created an electrifying atmosphere, and their active participation showcased their immense talent and passion. I am confident that this accomplishment will inspire even greater achievements in the future, as we continue to strive for excellence and push the boundaries of success.

Dr. Yash Malik
Co-Treasurer (2022-23)

ABOUT THE COMMITTEES

ACADEMICS COMMITTEE

The academic committee comprises of the best thinkers and intellectuals of the University. The agenda of this committee is to keep students aware of their academic standings by imbibing the best academic practices. It also arranges regular interaction between faculty and students. Through meticulous ways and evaluation processes the committee has been instrumental in identifying and fostering excellence which resulted in the development of young scholars and researchers. The committee found various interactive ways to inculcate and spread medical knowledge amidst peers.
