MEMORANDUM OF UNDERSTANDING

BETWEEN

LUNG CARE FOUNDATION, DELHI

&

SANTOSH DEEMED TO BE UNIVERSITY, GHAZIABAD, NCR DELHI

The Santosh Deemed to be University, Ghaziabad, NCR Delhi is providing medical and related education to aspirants by providing affordable medical education to all including Research and Innovation. The University, at its various Medical and Dental Departments are charged with the responsibility of training individuals on various scientific skills in various front-line areas of importance for the Nation. The University is also contributing to the rapidly growing knowledge and professional excellence in the field of Medicine and Dentistry. The Santosh Deemed to be University, herein under called as First Party.

Lung Care Foundation (LCF) is a Guinness World Record-holding social impact trust dedicated to the cause of promoting "Lung Health " in India. The foundation works towards achieving its objective through focused actions in three core areas- Advocacy, Research and Capacity building. LCF has created a network of passionate Doctors, known as Doctors for Clean Air and Climate Action, where doctors are advocating for Clean Air and Climate Action. Dr. Arvind Kumar, a leading lung surgeon of India, along with Mr. Rajiv Khurana, Mr. Abhishek Kumar and Dr. Belal Bin Asaf, started Lung Care Foundation in 2015. That the Lung Care Foundation (LCF) herein under referred as Second Party.

The Santosh Deemed to be University, Ghaziabad, NCR Delhi, and the Lung Care Foundation, henceforth enter into a Memorandum of Understanding with the following terms and conditions:

1. Organise awareness and capacity building programs for the students and faculty members on the health impacts of Air Pollution and Climate Change and the critical need to work for Clean Air and Climate Action.
2. Support various campaigns organised in the university premises like poster and video competitions, tree plantation drive, cyclothon, waste management, hackathons, etc. aimed at highlighting the pressing need to work for Clean Air and Climate Action.
3. Voluntary participation of the students in various activities organised under the City Action Group with the local clean air champion for Air Pollution mitigation.
4. Actively participating in various online and offline programs organised by LCF along with other organisations for Clean Air and Climate Action.
5. Explore the possibilities and include, if feasible, 'Introduction of Clean Air and Climate Action to the medical curriculum' as an important agenda in the national and international medical student associations meetings.
6. Evolve as one of the leading Green Medical Universities in the country by adopting and advocating for clean energy and limiting the dependence on fossil fuels.
7. Explore and evolve strategies to include Green OTs in the curriculum.
8. Involve students and faculty members in conducting sessions as per the ASTHMA RESPONSE TRAINING in schools, as designed by the Second Party [LCF].
9. Carry together such actions and activities as mutually deemed necessary to create social impact for the benefit of the community.

10. That the premises of the First Party shall be utilized for conducting such events / activities as may be mutually agreed upon from time to time.
11. The operational expenses shall be respectively borne by each party and shall be mutually agreed upon by the parties before the beginning of such event/activity.
12. That all image projection events through print and visual media in conventional and virtual mode shall bear the approved logos of both the parties.
13. That the Memorandum of Understanding shall be valid for an initial period of 2 years from the date of signing of this agreement and may be extended from time to time through mutual agreement exchanged through a letter or an email.
