- Arvind Kumar - Batch 2019-20
- Atul Kumar Bharti - Batch- 2019-20

All are associated with Private Dental Clinics.

TESTIMONIALS

Neeraj Kumar, DHC Batch 2020-21

Today, I'd like to give you a true review of our college. It's not a college for me; it's a place where I've had such a great time. My name is Neeraj Kumar and I am a DHC student (batch 2020-21) at Santosh Dental College Ghaziabad. We had 20 students in our batch and all of them were amazing and sincere in their nature and behaviour. The faculties were so nice. They taught us so many lectures and great lessons about life. We participated in many competitions and got such great prizes. Teachers gave us extracurricular activities such as posters, PPTs and many more. So, you can also visit here. The university provided many courses in dental and medical fields. I have a private job currently and am working in a Dental Clinic.

Kashif Kamal, DHC Batch 2020-21

My name is Kashif Kamal and I am from the DHC 2020-21 batch from Santosh University. All the students in my batch were sincere and intelligent. I found the faculty at Santosh Dental College to be very good communicators, with a collaborative approach, energetic and engaging ones. They provided us with a real-world learning experience and made us learn the concepts of dentistry. There were many extra-curricular activities and competitions where we won prizes too. Right now, I am working at Alvi's Dental Clinic, which has been in Dentistry for more than eight decades.
